

“SOLDIERS PLEA”

**He wrapped his arms around her
As he gently stroked her hair,
And told her not to worry so
About soldiers over there.**

**Good memories we take with us
But that is not all we share,
While traveling foreign lands
We found our God was there.**

**Some at home might need you
Your courage to display,
Teach them how to talk to God;
Ask Him to bless the USA.**

**Protect and bring us safely home
This is the soldiers plea:
Use us in Your service Lord
To keep our country free.**
